Lab # 06

Objective:

To empower students to conceptualize and design their own PowerPoint lab by defining objectives, learning outcomes, and activities. This open-ended approach encourages creativity, self-directed learning, and the application of presentation techniques tailored to different contexts.

Lab 06: Open-Ended Presentation Design

Instructions for Students:

- Design a lab activity based on your understanding of MS PowerPoint and its features.
- Define the **Objective** of the lab in your own words.
- Provide at least **four learning outcomes** that students should achieve.
- Develop at least **three lab activities** with clear objectives and activities.
- The lab should follow the same format as the other provided labs.
- You may refer to the YouTube links, that are already being shared in the lab session regarding Presentation design, for guidance.
