Lab 10 Assignment

Objective: Create an HTML document that contains a heading, a paragraph, and a brief description of a topic of your choice. Apply inline styling to enhance readability.

Instructions:

1. Open a new file named assignment1.html and add the basic HTML structure.

2. Inside the <body> tag, create a heading (<h1>), a paragraph (<p>), and a brief description.

3. Use the style attribute to modify font size, color, and alignment.

4. Save and open the file in a web browser to verify the output.

_____

Source Code:

```
<!DOCTYPE html>
<html lang="en">

<head>
    <meta charset="UTF-8">
    <meta name="viewport" content="width=device-width, initial-scale=1.0">
    <title>Trees Are Love for Nature</title>
</head>

<body>

    <!-- Heading -->
    <h1 style="color: green; font-size: 36px; text-align: center;">Trees Are Love for
Nature</h1>

    <!-- Paragraph -->
    <p style="font-size: 18px; color: darkgreen; text-align: justify; line-height: 1.6;">
        Trees are essential to our planet. They are not just a source of oxygen but also
help maintain the balance of nature by absorbing carbon dioxide and providing shelter for
countless species. Trees create a harmonious environment and are vital for human well-being.
They have been a symbol of love, resilience, and growth, and their presence in forests,
parks, and backyards makes the world a greener and more beautiful place to live.
    </p>

    <!-- Brief Description -->
    <p style="font-size: 16px; color: #555; text-align: center; font-style: italic;">
        In nature, trees are our silent companions. Their beauty and grace make them an
invaluable part of life, offering shade, clean air, and a sense of tranquility. They remind
us of the importance of nurturing our environment.
    </p>

</body>

</html>
```
Output:

Trees Are Love for Nature

Trees are essential to our planet. They are not just a source of oxygen but also help maintain the balance of nature by absorbing carbon dioxide and providing shelter for countless species. Trees create a harmonious environment and are vital for human well-being. They have been a symbol of love, resilience, and growth, and their presence in forests, parks, and backyards makes the world a greener and more beautiful place to live.

In nature, trees are our silent companions. Their beauty and grace make them an invaluable part of life, offering shade, clean air, and a sense of tranquility. They remind us of the importance of nurturing our environment.
